Focus Awards Level 3 Award in Artificial Intelligence (AI) in Education (RQF)

BRITANNIA SCHOOL OF ACADEMICS

Overview

The Level 3 Award in Artificial Intelligence (AI) in Education is designed for educators, teaching assistants, trainers, and anyone working in the education sector who wishes to develop their understanding of how AI can be effectively used in teaching, learning, and administration. This qualification provides a clear insight into the use, benefits, and issues of AI in educational settings.

You will explore what AI is, how it is transforming learning environments, how you can personalise learning experiences, and how you can remain effective in a digital world. This qualification is accredited by Ofqual and delivered 100% online, allowing flexible study around existing work and personal commitments.

Scope of this Qualification

This qualification is intended for professionals working in the education and training sector. It is suitable for teachers, lecturers, teaching assistants, learning support staff, curriculum coordinators, instructional designers, EdTech specialists and trainers in further education or corporate training settings. The qualification prepares you to integrate AI tools into your practice, lead innovation in learning environments and apply AI in an ethical way within your organisation or educational setting.

Duration and Delivery

The qualification is designed to be completed entirely online. You can access our Virtual Learning Environment (VLE), where all learning resources, assignments, and tutor support are available. Learners typically complete the course within 4 weeks or up to 4 months, depending on their experience and own pace. This qualification is delivered through our Virtual Learning Environment (VLE), where learners can access course materials and resources, and dedicated tutor support will be provided throughout their learning journey once they are enrolled.

Assessment and Verification

All units within this course are internally assessed by our qualified assessors and externally verified by the awarding organisation. The assessment takes the form of a portfolio of evidence, including written assignments, work products, case studies, reflective accounts and/or observation. You will receive tutor support once enrolled on our online VLE to assist you in reaching your goals.

Progression

Upon completing this award, you can progress to specialist qualifications in digital learning design or EdTech, and higher education programmes in education, computer science or AI ethics. You can proceed to undertake the following qualifications:

- Level 4 Certificate in Investigating Malpractice and Maladministration in Education
- Level 4 Certificate in Education and Training
- Level 5 Diploma in Teaching (FE & Skills)
